### **RESOLVE New England Announces European Sperm Bank USA As LGBT Outreach Program Sponsor**

Waltham, MA – March 6, 2013 – RESOLVE New England (RNE), the region’s infertility support, education, and advocacy organization, is pleased to announce European Sperm Bank USA (ESB-USA) has become a sponsor of RNE’s newest LGBT (Lesbian, Gay, Bisexual and Transgendered) outreach program. With generous support from ESB-USA, this outreach program is designed to enhance and expand RNE’s services for the LGBT community. This program will include a new web page, printed resources, educational programs and information dedicated to addressing the unique family building needs of the LGBT community.

“European Sperm Bank USA has been serving the LGBT and greater infertility community for many years and is committed to providing kind, open and personal service to New Englanders building families through donor sperm,” noted Erin Lasker, Executive Director of RNE. “We are grateful for their support of RNE and this new and exciting program.”

“I am proud to sponsor and be associated with such a devoted organization whose purpose is to help so many who face family building challenges. It will be a rewarding position for me personally to work with this tireless group, who shares my beliefs, both personal and professional. The passionate and hardworking volunteers of RESOLVE New England serve as an inspiration to us all,” European Sperm Bank USA Medical Director, Dr. Jeffrey Olliffe.

#### **About RESOLVE New England**

RESOLVE New England is a non-profit, consumer-based infertility support organization that provides compassionate and informed help to people experiencing infertility and seeking to build families. Find more information on RESOLVE New England including a listing of monthly Peer Support and Topic Discussion Groups at [www.resolvenewengland.org](http://www.resolvenewengland.org).

#### **About European Sperm Bank USA**

European Sperm Bank USA is a progressive operation that helps thousands of people across the globe. Based in Seattle, WA they recruit locally and specialize in Open I.D. sperm donors. They offer superior donor choices while providing an affordable, exceptional client experience-- bringing joy into the lives of couples and individuals by helping them realize dreams of conception, pregnancy and childbirth.
